

High School Cell Phone Policy

Students may use cellular devices, phones, watches, between classes and during lunch.

Students may only use cellular devices, phones, watches, in class at the discretion of the teacher. After the class activity, such as Kahoot!, has concluded and teachers have directed students to put away their phones, students are expected to comply with the teacher's request.

Students who do not comply with the teacher's request will have their phones held until the end of the day. At this time, if the student is under the age of 18, the phone will be released to a parent/guardian or other adult listed in Aspen under "Contacts." Students who are 18 or older may come to claim their phone at the end of the day.
