

Important Information for Incoming Freshmen, Class of 2024!

The Counseling Departments of Coke County High School and Cosby High School are excited to welcome our incoming freshmen. Although the COVID-19 closure has created hurdles for all of us regarding our traditional face-to-face registration meetings, we want to assure parents/guardians that we are working hard to establish a format to register our 8th graders for high school. Since both schools will have their own registration process, please be sure that you are referring to the correct side of this page. Review the information carefully below if you have a child who will be entering 9th grade next year (SY 2020-2021) at

COSBY HIGH SCHOOL...

Incoming Freshmen Registration Info for the

Due to school closing, CHS Counseling Department will be conducting high school registration for incoming freshmen by phone. To expedite this process, parents may complete an online pre-registration form now available at CosbyHigh.com, which will serve as a guide to understanding the course selection process and allows the parent/guardian to book a specific phone appointment time. We want to stress to parents/guardians who do not have internet access that the online pre-registration form is not required. We will still be contacting parents by phone in order to register their child.

The registration dates (by phone) for our feeder elementary schools are shown below. We encourage parents to go ahead and visit our CHS Counseling website to access the online pre-registration form, located at CosbyHigh.com. For your convenience, 8th grade registration packets and related information can also be found on this website. At time of scheduled call, please have on hand the CHS Registration Packet, if available. Both the student and custodian parent/guardian should be present at time of call. We look forward to talking to you and your child! You can also directly access the online pre-registration form/booking application at:
