Please join us as we discuss our district improvement plan for the following school year (2023-2024). We would like to inform you of the goals the district has set, as well as the action steps to help us reach those goals. The reason for the meeting is not only to inform you, but to have you give feedback on our plan. Your questions, concerns, and comments are of high importance to us within the district, and you as stakeholders have a right to be a part of this planning process. We will have light refreshments and a survey at the end for you to give your input. Please make time to join us if you can. We thank you and appreciate the privilege of your time.
