

Call for Public Comment: LEAPS Grant

The Cocke County School System hereby provides public notice that it is applying for a Lottery for Education Afterschool Programs (LEAPS) grant for Del Rio Elementary, Grassy Fork Elementary, and Smoky Mountain Elementary. The grant will provide extended learning opportunities at the three schools in the form of afterschool programs. Focusing on reading/language arts and math, the afterschool programs will provide homework help and tutoring, as well as building the skills needed in the subjects to be at or above grade level. The afterschool programs will both complement the regular education program, as well as offer enrichment activities that support student learning.

Public comment regarding this grant are requested and should be sent to Kathy Holt at holtk@cocke.k12.tn.us. Please submit all comments by Thursday, April 9, 2026.
